RE: Docket Number W-02304A-07-0393

At the hearing in Tucson on December 5, 2007, two questions were asked that I did not have a complete and correct answer for. The first question was: When did Community Water begin serving the customers in the Val Verde area? The answer is: We began serving the customers on March 20, 2007.

The next question was: What were the total costs for extending the facilities to this area? The answer is \$ 90,469.17.

I did not know that I was going to speak or testify at the hearing, so I did not have time to be better prepared. Sorry for any inconvenience this may have caused. I wanted to be sure that you are provided with complete and accurate information.

Sincerely,

Norris L. West
